ACKNOWLEDGMENT

We are heartily thankful to the **Sam Global University** for providing us all the facilities and infrastructure to take our work to the final stage.

It is the constant supervision, moral support and proper guidance of our respected who motivated throughout the work. We express a deep sense of gratitude and respect to our learned guide **Prof. Gita Singh** Professor in the Department of Computer Science & Engineering, during all phases of our work. Without his enthusiasm and encouragement this dissertation would not have been completed. His valuable knowledge and innovative ideas helped us to take the work to the final stage. He has timely suggested actions and procedures to follow for which we are really grateful and thankful to him.

We express **Prof. Mukesh Saini** our gratitude to **Head of Computer Science & Engineering. Department** for providing all the facilities available in the department for his continuous support, advice, and encouragement during this work and also to help to extend our knowledge and proper guidelines.

Constant help, moral and financial support of our loving parents motivated us to complete the work. We express our heartfelt thanks to all our family members for their cooperation.

We really admire the fond support of our class-mates for their cooperation and constant help. It gives immense pleasure to acknowledge the encouragement and support extended by them. Last but not the least we are extremely thankful to all who have directly or indirectly helped us for the completion of the work.

Ashish Ghavari (23ENGG1CS02002)
